PAYS TO ADVERTISE

It pays to advertise. Squire John Wiggins, he of the round figure and jolly disposition, certainly thinks and says so. Squire Wiggins inserted a small ad in THE NEWS offering for sale a fine Jersey cow and calf, and after the publication of the ad he had fifteen inquiries, and sold the animals for a good sum. It always pays to advertise, and especially is it beneficial and result-getting when THE NEWS handles it.

CALIFORNIA PEACHES AND APRICOTS

We are now selling California peaches and apricots at 25 cents the case.

EASTER FALLS THIS YEAR ON MARCH 27.

Sunday, March 27, will be Easter Sunday, the anniversary of the Resurrection of Christ, after the Crucifixion. There will be special religious services in honor of the sacred occasion.

Easter falls each year on the first Sunday after the first full moon after the 21st day of March. It has been considered for many years as the first advent of the true spring, and time for straw hats and new spring raiment.

REPORT OF BRENNAN SALE

Auctioneer M. F. Kenney makes the following report of the Thos. F. Brennan sale, conducted by him Tuesday, on the premises:

The dairy herd of the late Capt. James R. Rogers sold for \$85 to \$134 a head; sows with young pigs, \$35 to \$45 a head; Jersey heifers, \$25 to \$40 a head; calves, \$20 to \$28 a head; horses, \$40 to \$65 a head. Household effects and farming implements brought fairly good prices.

The sale was well advertised in several issues of THE NEWS.

GETTING CONTAGIOUS

Tuesday's issue of THE NEWS contained an item telling of freaks of nature in the shape of double jointed leaves of tobacco, and such like. Since then we have noted similar items in many exchanges. This one is from The Cynthiana Democrat: "Mr. W. G. Wiggins, worth brought to this office a curiosity in the shape of a double tobacco leaf, two leaves joined on a single stem. With this kind of tobacco only half a crop would be necessary. The tobacco was grown near Pointexter."

GARDEN SEEDS

We carry more garden seed than any other place in Paris. Let us have your order if you want the best.

WIDOW'S PRAYERS STRANGELY ANSWERED

Are prayers answered? At least one poor widow in Warren county believes they are, for she nightly prayed that the crew drilling on her place would strike oil. And her prayers were answered when one of the biggest gushers in the shallow pay was struck. Mrs. Gaines is her name, and she and her daughter have eked out a living on the poor clay farm for many years.

With the oil boom she took new courage and the place was leased. Dr. Sanford, of Arlington Heights, Ill., finally purchased it from a speculator at \$3 per acre. C. E. Schoenfelt contracted to drill and the work commenced. Daily Mrs. Gaines and her daughter watched with an eagerness that attracted the attention of his crew.

Finally one day Mrs. Gaines' daughter asked Mr. Schoenfelt if he believed in prayer, and confided in him that both she and her mother were nightly praying that oil would be struck.

The prayers apparently were heard. There was heard a deafening roar 400 feet below the surface. Mr. Schoenfelt, an experienced oil man, realized what was coming and immediately ordered all fire out.

It was a hard fight to extinguish the fire under the boiler and in the force before a rush of oil shot the fluid high above the mast.

All night long the oil flowed at a terrific rate, and hundreds of barrels of oil were lost on the ground before capping.

The gusher is a "wildcat," and is located three miles West of Rockfield.

Complete development of Mrs. Gaines' farm with wells anything equal to this one will make her a rich woman.

THE TOBACCO MARKETS

Sales of tobacco on the local market are becoming lighter, and receipts much weaker as the sales draw near the close. It is stated that over ninety per cent. of the crop is sold, and preparations are being made to grow another crop, though every indication points to a reduction of practically fifty per cent. in the acreage throughout the Burley growing district, and a corresponding decrease of the acreage in the South, and in other tobacco growing sections.

The Bourbon Tobacco Warehouse Co. sold Wednesday, in Bourbon House No. 3 134,065 pounds of very low grade tobacco for an average of \$11.51. The market, quality considered, was the best of the season. Some crop averages follow: Crouch & Crouch, 1,840 pounds at \$29.61, Plummer, McMillin & McFarland, 5,250 pounds, average \$28.10.

One and one-quarter acres of tobacco, grown by Vernon Parks, on his farm near Millersburg produced 2,000 sticks of the weed or 2,565 pounds, which brought the sum of \$581.97. The highest basket brought \$40 a hundred.

The Bourbon Tobacco Warehouse Company sold yesterday in the Bourbon House 283,980 pounds tobacco for an average of \$17.01. The market was the best of the season, prices ranging from \$1 to \$35.

FORMER U. S. SENATOR THOS. PAYNTER DEAD

Former United States Senator Thomas H. Paynter, 69, died in Frankfort, Tuesday afternoon, after a lingering illness extending over a period of several years. He was one of the best known Democrats in the State, having held a number of political offices. He was admitted to the bar in 1872 and was elected County Attorney of Greenup county in 1876. In 1889 he was sent to Congress from the Ninth Congressional District, serving several terms. In 1894 he resigned to become a member of the Kentucky Court of Appeals. He served as United States Senator from 1907 to 1913.

Senator Paynter is survived by his wife and two children, Mrs. Morton K. Yonts, of Louisville, and Pollock Paynter, of Frankfort. Mrs. Paynter was Miss Elizabeth K. Pollock, of Greenup county. The funeral took place at 11 o'clock yesterday morning, and burial at the Frankfort Cemetery.
